## FRONT-END DEVELOPER

I have been working as a Front-end developer for over 6 years. During this time, I was able to acquire a strong experience building web/mobile pages with the main technologies of the market in projects for large clients. I have a solid knowledge of HTML, CSS, Javascript and currently, as a Full-stack developer, I'm improving my experience with React, Relay, GraphQL, REST, Jest, NodeJs, MongoDB. Today, my main goal is to become a specialist with the stack mentioned above.

## SKILLS

- CSS/CSS3
- HTML/HTML5
- React
- React Native
- Javascript
- Responsive Design
- Graphql
- Node.js
